KENTUCKY LABOR CABINET ANNOUNCES 2016 POPULATION CENTER TRAINING SCHEDULE

FRANKFORT, Ky. (Feb. 24, 2016) – The Kentucky Labor Cabinet’s Division of Occupational Safety and Health Education and Training today announced the complete Population Center Training schedule for 2016.

“Over the last 10 years, the Labor Cabinet has hosted 64 free training seminars attended by more than 21,000 participants across the state,” said Secretary Derrick Ramsey. “These workshops help us effectively and clearly communicate the best workplace safety practices to employers and employees. In the end, Population Center Training has proven essential in our quest to build a safe and robust workforce. We look forward to another year of working hand-in-hand with the people that make up the cornerstone of Kentucky’s economy.”

The courses are designed to outline the requirements contained in the various subparts of the General Industry and Construction Standards, covering both safety and health issues. Classes are open to the public. For more information or to register for the Louisville training, click [HERE](#).
